INFORMATION AND CONDITIONS FOR SERVICE PROVIDERS FOR YOUR WEDDING

Flowers

All flower decorations must be removed before 9:30am the next morning on weekdays and by 8.30am on weekends. We do not have any extra space to keep the flowers, vases and any other form of decoration on the premises. Please strictly observe this condition, as the Barn must be thoroughly cleaned and set for the next service which may start with brunch at 10:00am. We regret that any items not cleared by these times will be disposed of.

Wedding Cake

Your Wedding cake is an important part of your Wedding day. Our experiences demand that you take extreme care and bring to the attention of the makers that the design and ingredients can alter with temperatures and time remaining on the stand. The construction and the decoration may make it extremely difficult to cut and present each piece to be served on the plate to your guests. The maker of the cake may be required to cut the cake in the number of pieces to be served. The way the cake is constructed and the ingredients inside the outer decoration is only known to the maker. Please take care so your cake is presented nicely and as neatly as possible to your guests.

Kindly delegate to a named person the responsibility to take the Wedding cake at the end of your Wedding day. The Barn is a commercial licensed premise observing strict statutory hygiene regulations. The Wedding cake is classified as food prepared elsewhere brought into the premises by you for immediate consumption and on the day. Please note that under no circumstance is the cake allowed to stay overnight as it will become part of our stock. Under strict food hygiene rules, our stock can only be food prepared in our commercial kitchen on the premises and must carry the date of preparation. We regret that any part of the Wedding cake not removed by the end of the Wedding will be disposed of.

Parking for service providers

The prime car parking position is for the Bride and Bride Groom and their guests. Please ensure that no service provider vehicles are parked on the driveway or block the entrance to the Barn. If your service provider needs to park a service vehicle, please ask them to do so by using the space at the bottom of the car park.

FREQUENTLY ASKED QUESTIONS

How many tables may we have for our wedding breakfast?

Our beautiful oval top table which comfortably seats 8 guests provides both yourselves and your closest friends and family an intimate setting during your Wedding Breakfast. We can provide ten tables of eight to ten guests surrounding your top table, ensuring each one of your guests feels included within the most important parts of your day.

The furniture is included when reserving your Special Day with us. Our carefully chosen tables and chairs complement and enhance The Barn's decor. We are unable to have any outside furniture brought into the Barn.

Are we allowed candles for our wedding breakfast and evening reception?

We provide complimentary tea lights for the wedding breakfast. Candles in flower displays or glass vases will need to be wide based pillar candles or tea lights; we are unable to allow candelabras unless they are battery powered. Any type of candle for the evening reception must have the flame completely contained within a glass holder.

Can we have fireworks during our evening wedding reception?

We are unable to allow fireworks at The Barn. The strict safety rules require the fireworks to be a certain distance away from the Barn and therefore your guests cannot view the fireworks whilst remaining within the licensed premises. Under no circumstances can you bring your own fireworks onto the premises; this includes Chinese lanterns, normal and table sparklers.

Can we have confetti for our wedding day?

Yes, we can allow biodegradable confetti, however only in certain areas of The Barn's beautiful outside areas. The photographer must liaise with your Wedding coordinator on the day.

Can we decorate with balloons?

Any type of balloon is not permitted at The Barn because of the high vaulted ceilings. If balloons were to come loose then there would be extra operational costs which would be relayed to the Bride & Groom. To save unnecessary issues we cannot allow balloons within the buildings.

Can we decorate the beams around the barn and ceiling with bunting and fairy lights?

As we are a Grade II listed building, we are unable to have anything wrapped around or pinned to the main beams. We can provide fairy lights within the alcoves and around the central lanterns at an additional cost should you wish. If you would like to decorate the balustrades of the bar and Galleria area, this can be done with battery powered fairy lights or bunting, however you must ensure no tape, blue tack or pins are used.

Are we allowed to bring in our own food and drink?

Choosing the meal for your wedding is an integral part of the day. Our Head Chef ensures the quality of seasonal ingredients and dishes provided. The packages include canapes, starter, main course, dessert and evening food. Because of this, we are unable to allow any form of food or drink including consumable favours, chocolate fountains and sweet carts onto the premises.

FREQUENTLY ASKED QUESTIONS

How do we choose our Menu?

We will send your updated wedding Menus 3 month prior to your wedding day, from which we ask you to select one starter, one main course and one dessert and choose a vegetarian alternative. We require a full meal breakdown approximately 3 weeks prior to the wedding.

Can we provide our own evening entertainment?

Our resident DJ's have worked with us for over ten years, performing at over three hundred weddings at The Barn. They are fully familiar with all our venue requirements and have provided excellent service to all our Weddings. Please see our suppliers list for further information.

We do not consider the Barn to be an appropriate building for a large live band due to the space required for their set up, however should you wish to have alternative entertainment to our suppliers, discussion and details need to be agreed by us in advance of committing to any other form of entertainment.

Are photo booths allowed?

Traditional photo booth require space to be installed and power supply. Furniture table and chairs need be removed and relocated in another area which will either interfere with the comfort of your guests or with the licencing authorities. The routes and minimum required clear areas must always be observed as part of the evacuation assessments and procedures. Our floor plan and the position of furniture is part of our license and there is only very limited flexibility in relocating. We suggest that you discuss with your professional photographer the use of a camera on a tripod "or a selfie mirror" as best alternatives.

Do you have parking for guests?

We have an extensive car park, so your guests are guaranteed free parking spaces for the entirety of the evening. Should any guests wish to leave their vehicles overnight, they are able to at their own risk for collection by 11am the following morning.

Can you provide changing rooms for ourselves or our suppliers?

During your special day you will have use of the facilities of the Main Barn. Unfortunately, we do not have additional areas to accommodate a separate changing area for either your suppliers or yourselves. Should you wish for more information about nearby hotel facilities, please do not hesitate to ask.

May we provide a meal for our suppliers throughout the day?

We are happy to provide a meal for the suppliers who will be with you throughout your day. We can offer an additional set table within your wedding breakfast area to accommodate this. Your service providers would be served the same high-quality food as you have chosen for your guests, and this would also be provided at the same time and at the same cost for your guests.
